

Dialectics IAS

For One-To-One Mentorship

Practice Question 3

(23/11/2025)

Q. In social research, it is the bias that is unethical and not the subjectivity. Do you agree with the statement? Substantiate your argument with theoretical and methodological insights. (20)

Note: Interested candidates can get their answers to the Practice Question evaluated by professors associated with the academy by paying a nominal fee of **Rs. 100** only. Email your request at **dialectics79@gmail.com** for UPI and Bank Account details. Once the payment is confirmed, you can email the scanned copy of your answer in a single PDF. After the evaluation, the evaluated answer-script would be emailed to the candidate.

Candidates must attempt the question by Wednesday and then compare their answer with the Examiner's Expectations and Evaluation Guidelines.

Examiner's Expectations and Evaluation Guidelines of the question would be shared every Thursday at the Website and Telegram Channel.

Professors would also explain and discuss the question next week (on Sunday at 7 PM) in an online Google Meet. Candidates interested in joining the discussion may email their request at **dialectics79@gmail.com**. The Google Meet Link would be shared on email.

Topic for the Week: Reliability and Validity

Best wishes
